What Term Protect is designed to do?

Term Protect is a term life insurance plan. In case of an unfortunate event of a claim, a predetermined lump sum amount is paid to your beneficiary.

Passive war risk and passive terrorism risk are also offered as part of the basic protection.

The plan offers additional riders to protect against the financial impact of serious accident or illness. Not only this, you can also choose the amount of death benefit based on your needs.

Why Term Protect?

Customized Policy Term

You have the option to choose your policy term from 1 year to up to an attained age of 80 years. Also, you can select between decreasing or level term, according to your requirement.

Flexible Premium Paying Terms

The plan allows you to pay your insurance premium monthly, quarterly, half yearly, annually, or even upfront, based on your convenience.

Embedded Accelerated Critical Illness

The basic plan comes with a complimentary option to use part of the sum assured for treatment of selected critical illness. This is calculated by taking 15% of your life cover for the final payout amount. For instance, if the sum assured is AED 100,000, the insured member can use AED 15,000 for the treatment. The life cover will continue at 85% for the first three months and then 50% for the remaining policy term.

Various Riders Available

We offer a wide range of riders at affordable prices. Just by paying a small additional amount, you can get extra optional coverage for accidental death, disability, critical illness and more.

Joint Life Option

The plan gives the option to cover up to 2 lives under one policy. The sum assured can be chosen for each life assured based on your requirements. The second life assured will continue to be protected in case of a claim on the first life assured. This option can be availed by family members.

Competitive Premium

The plan is a pure risk cover that offers a high level of financial protection at economical rates.

Worldwide Cover

You can enjoy the cover as you travel around the world.
